#### Policy and Program on Research and Development

Since the University is a place for teaching and learning through research activities, Dhaka International University (DIU) is providing opportunities for research works and has set up a Research and Publication Cell for enhancement, quality assurance and assembling of research works and other publications on different subjects. In view of this objective and to monitor research programs carried out by the faculty members of different departments of DIU the following policies have been taken: (Updated policies are in the process of approval by corresponding authority).

- \* A research group will consist of three faculty members for each department.
- \* One will be the head of the research group and other two will be assistant researchers. More than one research group may be formed in each department.
- \* Research groups will submit their research proposals to the Office of the Director, Research & Publication Cell.
- \* The Supervisory Committee will scrutinize the research proposals submitted by the research groups of different departments and the selected proposals will be submitted to the authority through Advisory Committee for approval.
- \* Progress reports of each research proposal have to be submitted to the Supervisory Committee on six (06) monthly basis.

The following Research Proposals have been approved and research works have been completed.

- a) A study on challenges and opportunities of Mobile Health in Bangladesh: Regional Exposure and Health

Department of Computer Science & Engineering

Research Group: Mst. Jahanara Akhter, Professor and Head of Research Group

Other members are Samrat Kumer Dey, Former Faculty and Md. Al Imran, Former Faculty, Dept. of CSE

- b) Biometric Voter Authentication, Vote casting and Counting(BVACC)

Department of Electrical & Electronic Engineering (Former EETE)

Research Group: Md. Abdul Based, Professor and Head of Research Group

Other Members are Tafsir Ahmed Khan, Assistant Professor and Sirajul Islam, Teaching Assistant, Department of Electrical & Electronic Engineering (EEE)

DIU Authority allocated Tk 1,00,000 for each research group from its own fund.

### Publication

Dhaka International University (DIU) gives due importance for research and development (R&D) works of high standards and has been publishing regularly a peer reviewed and index Journal (ISSN:2077-0111) twice in a year with research and scholarly articles received from the faculties of this university as well as from other universities and organizations at home and abroad on varieties of subjects such as Business Studies, Computer Science & Engineering, Civil Engineering, Electrical, Electronics Engineering, English Language and Literature, Law, Pharmacy, Sociology, Economics and Political Science.

DIU Journal Vol 12, No 2, 2022 has been published.

A delegation team from DUET recently visited the Department of Civil Engineering to motivate students to engage in the preeminent event named "CEVILIZATION 2024" hosted by DUET. They elucidated the extensive scope and potential outcomes of involvement in this prominent gathering through an in-depth discourse. Subsequently, the esteemed Coordinator and Chairman extended gratitude to the DUET students for their warm reception and urged them to partake in the event to assess the breadth of their capabilities and adaptability to real-world challenges, amidst competition from students representing over 40 universities nationwide. Scheduled for May 11th, 2024, "CEVILIZATION 2024" boasts a prize pool exceeding 237K+ across nine distinct competitions

**CENNOVATION-2024, organized by Dept of Civil and Environmental Engineering, IUT.**

The Department of Civil Engineering at Dhaka International University actively participated in CENNOVATION-2024, an event hosted by the Department of Civil and Environmental Engineering at IUT, Gazipur. With representation from students of over 60 universities, Dhaka International University's Civil Engineering department showcased its presence strongly. They fielded five teams in the Game of Truss segment, two teams in the Drafting Contest segment, and one team in Cenzo Maestro segment. The coordination of these teams was led by Foysal Sheikh and Nafiz Ahamed, both third-year students and Campus Directors of Cennovation-2024. Throughout the event, faculty members provided steadfast support and encouragement to the students. The department extends its heartfelt congratulations to the students for their active participation and looks forward to their continued excellence in extracurricular pursuits.

### Field trip organized for the students of batch 19th (1st shift)

The Department of Civil Engineering arranged a field trip for the students of 19th batch (first shift). They visited a construction site where pile foundations were being built, as well as another site where a multi-story building was under construction. This excursion aimed to familiarize students with real-world civil engineering practices, particularly emphasizing the significance of pile foundations for structural stability. By observing layout plans and the process of pile installation, students gained practical insights to supplement their theoretical learning, preparing them for future careers. They also witnessed firsthand the load transfer mechanism of beam-column-slab structures. Additionally, the trip

fostered a sense of responsibility among students as aspiring site engineers. Overall, the visit effectively connected classroom teachings with practical applications, equipping students with valuable knowledge and experiences for their professional journeys. The guidance of esteemed teachers Md. Abid Hasan and Govindo Kirtonia was integral throughout the visit, and the event concluded with a discussion led by the respected Chairman of the Department, S M Sazzad Ahmed Shovon.

### CEVILIZATION 2024, Organized by DUET.

Students from 57th batch (2nd Shift) of the department of Civil Engineering represented DIU at the "CINE BUZZ" film festival, hosted by "CEVILIZATION 2024," DUET. They clinched the top spot with a film emphasizing construction site safety protocols. Kudos to Anisur Rahman Pilu, Shorful Amin, and Asadujjaman Arif for their commendable accomplishment, showcasing DIU among 50+ universities in Bangladesh.
